

inlingua<sup>®</sup> Washington DC has partnered with the following accredited universities to streamline the admissions process for those students who successfully complete and graduate from our most advanced academic level with an 85%. The below institutes may waive IELTS or TOEFL score requirements for such applicants. With many of these institutions we also offer a pathway to an accelerated conditional acceptance (subject to students satisfactorily submitting all the required documents and information). Upon request by qualified prospective students who enroll in our Intensive Plus Program, we can obtain and deliver a conditional admissions letter from one or more of these institutions along with our Inlingua acceptance package.

### **PARTNER UNIVERSITIES/COLLEGES**

The Catholic University of America (District of Columbia)
